Bonne Pioche Dans la Boîte - Production, booking, publishing, artists management

In the French tour agencies, there are few chameleons. Among them Bonne Pioche Dans la Boîte, the small box which becomes big, is a competent, atypical and passionate tour promoter, just like its founder in Avril Boudon. Tour booker & promoter, manager, the structure accompanies the creation of shows, albums, tours and promotion for artists in development, as well as "confirmed" artists, with a real will to preserve and promote the artistic quality.

BONNE PIOCHE DANS LA BOITE has more tricks up it's sleeve and its skills are just like its artists' catalogue, varied, eclectic: Moriarty, Charlelie Couture, Narrow Terence, Melanie Pain, Boogers...
